

# POPULATION IN TYNE AND WEAR [based on revised MYEs 2002-2008]

This bulletin provides a summary of key demographic points for Tyne and Wear

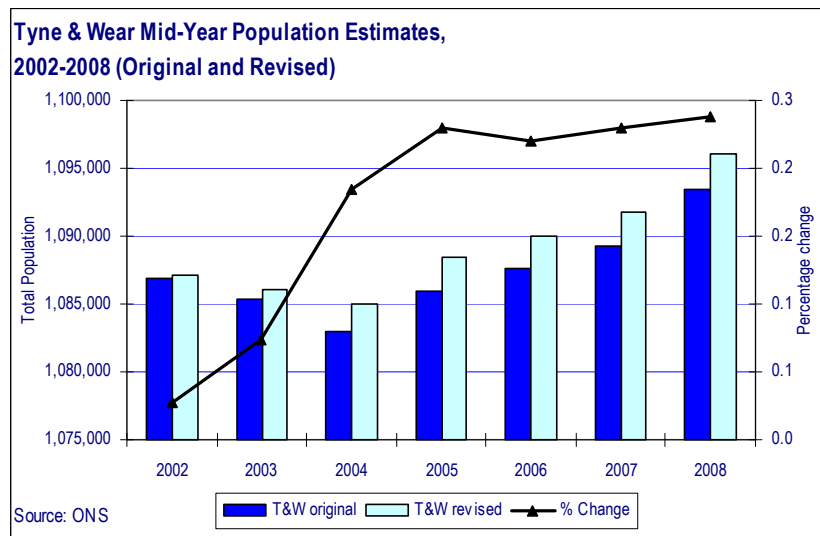

## KEY POINTS

ONS has published revised Mid-Year Estimates for 2002-2008. These data are now the official population data for England & Wales.

In addition to this Tyne & Wear bulletin, TWRI has also produced bulletins for each of the five Tyne & Wear Districts.

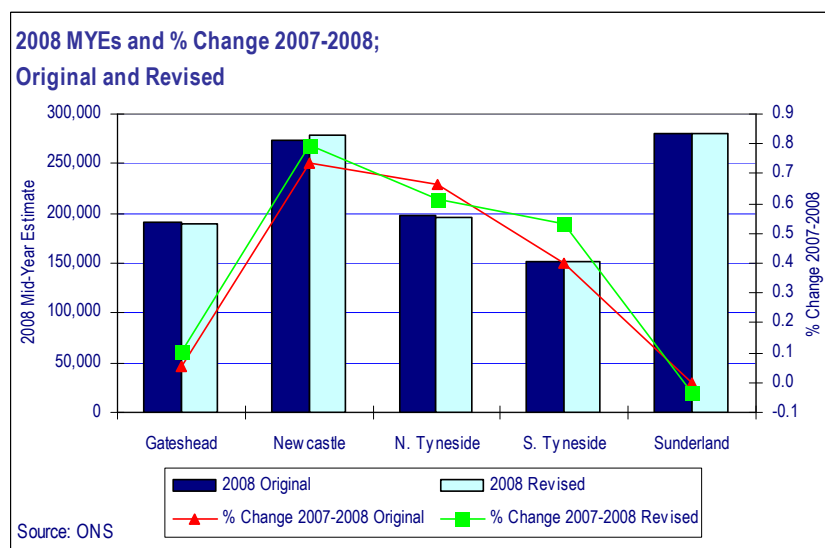

### Impact of revisions...

- Over the period 2002-2008, the population in Tyne & Wear grew by 0.8%, compared to growth of 1.2% in the North East and 3.7% in England.
- The population of Tyne & Wear for 2008 has been revised up by 0.2% (or +2,600) in the latest data. In the North East the population was revised down by 0.2% (or -4,900), while in England it was revised up by 0.04% (or +18,400).

### Baseline population...

- Between 2007 and 2008, the revised data show that the population of England rose by 358,400 (or +0.7%), to 51,464,600. **Over the same period, the population of Tyne & Wear rose by 4,300 (or +0.4%), to 1,096,100.** Among the Tyne & Wear Districts, population growth was fastest in Newcastle (up +0.8%) and slowest in Sunderland (slightly negative, at -0.04%).

### Natural Change...

- From mid-2007 to mid-2008 the natural change (births minus deaths) for Tyne and Wear was positive, at 1,300. In the North East the figure was 3,700. [Based on ONS revised 2008 Components of Change.] These figures remained unchanged from the originally published data.

### Migration...

- ONS state that 'net migration & other changes' in Tyne & Wear in 2007-2008 were revised up by +200, to +3,000. The revised 2002-2008 data, including migration data, by Local Authority District is available from the ONS website via the following link <http://www.statistics.gov.uk/statbase/Product.asp?vlnk=15106>
